Response to Amendment

1. An amendment was received by the USPTO 20 May 2004.
2. Applicant explains that the amendment is not intended as a response to the outstanding office action. Therefore, the period for reply to the previous office action still applies.
3. Applicant states: "This priority claim was included in the Combined Declaration and Power of Attorney dispatched to the U.S. Patent and Trademark Office of March 8, 2002". Assuming applicant is referring to the declaration having a certification of mailing dated 12 March 2002, received by the USPTO 20 March 2002, the declaration to which applicant refers contains no priority claim whatsoever. No other declaration is of record.
4. 37 CFR 1.78(a)(5)(ii) states "...this reference must also be submitted within the later of four months from the actual filing date of the later-filed application or sixteen months from the filing date of the prior-filed provisional application...". It appears applicant has not complied with this rule.
5. Applicant must
 - a. delete the claim for priority from the specification,
 - b. explain how applicant has complied with 37 CFR(a)(5)(ii), or
 - c. file a petition as set forth 37 1.78(a)(6), if applicable (that is, if the entire delay in filing the claim was unintentional).
6. Applicant must respond to the previous office action in the time period previously set forth.
